## SIREN – FEMALE

### HOPE

Water, water everywhere but not a drop to drink. That's where you'll end up if you don't take heed. I'm Hope, a Siren, feeling a little lonely. So I'd suggest you walk softly.

Today's Potpourri is from Evelyn.

Evelyn writes:

***“Hope, you and I seem to be of the same ethnic persuasion, so naturally I'm drawn to you. My question is this – I own a digital camera and me and my friends make little, short, sexy movies. Is there any way to make money distributing these little gems?”***

Evelyn, my dear, you might try web sites like YouTube, Veoh, Revver, etc., etc. I'm told that some of these video sites offer ways to earn money while introducing your films to a world wide audience.

I'm Hope, and I have to go now. It seems, Joy and I have some practicing to do!

## SIREN – FEMALE

### SKY

Hi, I'm Sky and I'm a Siren in a tizzy! My last potpourri was cut short because a veil of secrecy was draped over the theatre when a very famous actor came to speak. It's just not fair! I was so cute in that potpourri, but *noooooo*. The footage ends up cut and I'm left bleeding on the editing room floor. Oh! Alright, there was not blood and the show is edited on a computer, so there is no editing room floor. You've got to admit, it had a dramatic flair to it.

Well, like I said, I'm still in a tizzy. I don't know if you'll ever see the old potpourri. Anyway, today's Potpourri is from Susan and she wants to know if anyone at Riprap Entertainment is a Script Doctor.

Yes Susan, we do offer a fix-it program. If your script needs a doctor, you might want to check it out. However, remember when it comes to writing, there are no band-aids, just hard work.

I'm Sky and that's today's Potpourri.

## SIREN – FEMALE

### JOY

Hi, I'm Joy. For those of you who don't know me yet, I'm a siren. I now . . . I know . . . Sirens are Greet mythology. Well, I'm here to tell you that I ain't no myth. How I ended up here is a long, long, loooong story. Someday, when we have the time, I'll fill you in. But for now, I'm here to read today's Potpourri.

Potpourri is where you get to email or snail mail a question to the Sirens about theatre, film, television or other related topics and we'll do our best to answer the crème-de-la-crème.

Today's question comes from one of our own. Here goes:

*Is there a play being produced on stage at Riprap studio theatre while you search for the one selected by your judges?*

The answer is, we are now prepping to mount a play called ECCENTRIC, written by Ernest Hemmings of Las Vegas who submitted to the playhouse

for our broadcast. Auditions will begin in April. So, I guess I have to say,  
the answer is yes.

I'm Joy, and you've just heard today's Potpourri.

### **RIVER**

Hi, I'm RIVER and yes, you're absolutely right, I'm a siren. As a siren, I've agreed to answer Potpourri questions. In fact, I can't wait to answer your questions about theater, film, acting, television, etc., etc.

However, don't expect me to answer questions of too personal a nature.

You know who you are, so don't act innocent. No matter how many times you ask, the answer will always be the same. No answer. So email me with questions I can answer and we'll be friends of sorts.

I should warn you to be careful about what you ask for. Remember, I am a Siren and we should all know what that means.

### **ZEUS**

Hi there. I'm Zeus and obviously, you're not. Calm down, I'm just kidding.

I'm here today because my girls, the Sirens, seem to be missing. They got wind of some kind of sailors' convention, or something manly like that.

Anyway, I'm filling in as a favor to my girl Stormy. Let's see if I can get this right. Rumor has it, if I don't - - Apollo will replace me. Who ever heard of such a thing? C'mon, we all know you can't replace Zeus.

Today's Potpourri is from Jeremy. He wants to know when the Sirens will get their own segment like back in the show's early days. Fact is, we can't say. It depends on how long it takes to find our lost girls.

Take it from Zeus, it will happen, just be patient. I hear it could be sooner, rather than later. Let's get back to the show.

## **SIREN – MALE #2**

### **APOLLO**

Can you believe it? One day, I'm flirting with some world class beauties, and the next – I'm here. It's enough to give a man a complex. I must have said something wrong to someone. Oh, well, can't cry over spilled goats milk.

I'm here to deliver today's Potpourri. As if I even know what that means. C'mon, the word has a "T" in it and it isn't pronounced. Get my drift. Anyway, Wanda wants to know why her green screen bleeds onto the shoulders of her actors.

Wanda, baby-doll. I suspect you're shooting in tight quarters. Find a way to move your actors further away from the green screen. I'm not able to make any other suggestions because your email was not real explanatory.

Like I said, I'm here for potpourri. But, I will escape to the land of milk and honey real soon. So write me while you can.

Back to the show!
